### PROCEDURE PACKS

DeRoyal Angiographic Procedure Packs are designed to enhance your angiography lab's efficiency by meeting your specifications in one complete sterile package. By using a Procedure Pack you can:

- Reduce set up times and increase the number of procedures you perform daily
- Reduce total procedure cost
- Reduce waste in packaging
- Save valuable space

Any other items needed for your cardiology or radiology procedure are readily available by asking your DeRoyal Representative. Procedure Pack contents can include:

- Drapes
- Gowns
- Manifold Kits
- Syringes
- Needles
- Scalpels
- Gauze
- Towels
- Bowls
